

# Boil Water Notice Rescinded

14 January 2024

On January 12, 2024 the Texas Commission on Environmental Quality required the City of Natalia public water system, 1630009, to issue a Boil Water Notice to inform customers, individuals, or employees that due to conditions which occurred recently in the public water system, the water from this public water system was required to be boiled prior to use for drinking water or human consumption purposes.

The public water system has taken the necessary corrective actions to restore the quality of the water distributed by this public water system used for drinking water or human consumption purposes and has provided TCEQ with laboratory test results that indicate that the water no longer requires boiling prior to use as of 14 January 2024.

If you have questions concerning this matter, you may contact:

Nichole Bermea

City Administrator/Secretary

830.663.2926

cityadmin@cityofnatalia.com

Art Smith

Utility Director

830.663.2926

asmith@cityofnatalia.com

PO Box 270

2078 St. Hwy. 132 N.

Natalia, TX 78059

We apologize for any inconvenience the water situation may have caused and previously advised all customers to boil their water before consumption until lab results have determined the quality of the city's water was safe for consumption. Boil Notice is hereby rescinded with immediate effect. Please share this information with anyone who drinks from this water source.

**Also, please take this time to register for direct phone or email notifications of all happenings occurring in Medina County, including the City of Natalia, with i-INFO, a service notification and alert system.**
